

(3 x ACT composite score)
+ (30 x high school GPA)
+ (5 x number of years of high school core courses)

Admission of freshmen to the Iowa Regent universities is based on the Regent Admission Index (RAI) formula described below. In addition, applicants must meet the minimum high school course requirements for the university they wish to enter.

(3 x ACT composite score)

Note: For purposes of calculating the RAI, SAT scores will be converted to ACT composite equivalents, 4.00 is the top value for GPA, and the number of high school core courses completed is expressed in terms of years or fractions of years (e.g., one semester equals 0.5 year). Applicants who do not possess all required factors will be evaluated on an individual basis by the Regent universities to which they apply.

GRISWOLD MIDDLE/HIGH SCHOOL, GRISWOLD, CORE COURSES APPROVED FOR RAI
Source: 2020-2021 SRI Winter data. (Note: course numbers in parentheses refer to community college course numbers.)

**The numbers in this column should be multiplied by 5 to determine the number of RAI points awarded for the course.*
